How to make the Travelsmart chatterbox

This sheet has two chatterboxes on it—a colour one on this side and one that you can make your own on the other side. Start by cutting off this section. If you want to make the colour one, write a message in the mystery flap and follow the folding instructions. If you want to create your own, colour it in, write your messages and then follow the folding instructions.

TravelSmart, have fun and ask your friends and family to have a go as well.

How to make up your chatterbox

Your own chatterbox (colour and draw)

About TravelSmart

TravelSmart changes the way we travel for the better. It encourages us to rely less on cars and to walk, cycle and use public transport (buses, trains, ferries and trams) to get about. Walk to School programs are part of many TravelSmart activities that are active in Australia.

If you want more information visit the TravelSmart Australia website www.travelsmart.gov.au or telephone the Australian Greenhouse Office infoline on 1300 130 606.
